

# Sun Bicycles Rear Rack (#45576) Installation

Rev. 08-00

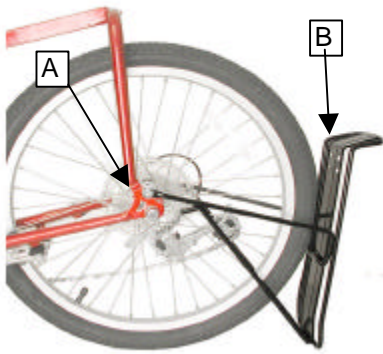

Figure 1.

Figure 2.

Figure 3.

1. Using the existing seat strut bolts and spacers, eliminate the spacer against the frame and install the rack struts to upper eyelet holes (A), along with the rear seat struts (seat struts not shown). Note rack position in Figure 1.

2. Add a 3" piece of black electrical tape (not included) to the center of the underside of the rack, from the edge (B) of where it is bent then rearward.

3. Pivot rack upward, as pictured in Figure 2.

4. After rack is positioned as in Figure 3. Attach securely using U-bolt and hardware provided.
